Annual General Meeting – Agenda Item 6

27 October 2021 – 7:30pm

PROPOSED CHANGES TO THE CONSTITUTION

The committee is proposing to make two (2) changes to the club's constitution in relation to the period of a member's financial period. These changes will enable the club to offer 12-month memberships regardless of when a member joins the club, instead of our current period of membership being 1 July to 30 June.

Change #1: Clause 2

Add: "membership period" means the length of time a membership is valid for

Change #2: Clause 13(b)

Current: All ordinary members of the Club shall pay such joining, subscription and training fees as determined by the Committee from time to time. Fees, other than the joining fee, shall be due and payable on the first day of July unless otherwise determined by the Committee.

Change: All ordinary members of the Club shall pay such joining, subscription and training fees as determined by the Committee from time to time. Fees, other than the joining fee, shall be due and payable at the end of the member's membership period unless otherwise determined by the Committee.

A vote is required to accept this proposed change with a 75% yes vote.

The change is proposed by the current BDOC Committee.
